May 23rd, 2020 - peters equal area projection with continents which at the first glance seemed in such unfamiliar distorted shapes has by now become one of the standard presentations of the world this political map size 84 x 59cm 33 x 23 approx using a projection invented by james gall in the 19th century and popularised by arno peters in the 1970s corrects the view of the world which most of us grow'

**'peters world map liquisearch
May 7th, 2020 - gall peters
projection peters world map in
1967 arno peters a filmmaker
and historian devised a map
projection identical to gall's
orthographic projection and
presented it in 1973 as a new
invention of the technologically
underdeveloped world lies near
the equator these countries
appear smaller on a mercator
and therefore according to
peters seem less
significant"which is the best
map projection
geoawesomeness**

May 27th, 2020 - the most popular
map projection in the world has
been around for 448 years now it
was created by flemish
cartographer gerardus mercator in
1569 a time when antarctica hadn't
even been discovered mercator
was designed as a navigational
tool for sailors as it was most
convenient to hand plot courses
with parallel rules and triangles on
this map'

'gall peters projection

May 26th, 2020 - the gall peters projection of the world map the gall peters projection is a rectangular map projection that maps all areas such that they have the correct sizes relative to each other like any equal area projection it achieves this goal by distorting most shapes the projection is a particular example of the cylindrical equal area projection with latitudes 45 north and south as the'

'the implications of mapmaking mercator vs peters the

May 22nd, 2020 - back to the wonderful impractical world of swarthmore the peters projection is up on the wall of the soc anth office for a reason the caption beneath the map accuses the mercator projection of intentionally enlarging northern areas where white people live and shrinking continents such as africa to diminish their importance'

**'the peters world map
cartography**

April 2nd, 2020 - the peters map and the peters atlas are refreshing alternatives to the outdated eurocentric perspective that has clouded our world view for 400 years the peters map shows every country in its true size and on equal footing this is why many religious and charity organisations worldwide distribute the peters map'

**'peters projection world map
laminated arno peters**

May 26th, 2020 - the peters projection world map is an equal area projection that means that one square inch anywhere on the map is an equal number of square miles all the countries of the world are represented at true size and true proportion this map is a 2007 edition and does not include updates like south sudan"*peters map of the world*
arizona state university

May 15th, 2020 - the peters map

of the world 1974 shows the earth's geographic relationships better than the standard mercator map c 1569 which is what we all likely grew up with in this map land masses and nations are shown in true proportion for example the sheer physical enormity of africa is clear the traditional mercator map seriously distorts'

'why is the popular world map wrong hitxp

May 17th, 2020 - i am not saying this as an indian it is the truth mercator was a biased person he made my country smaller in the world map and made some countries bigger dishon u n secretary general ban ki moon should remove this world map and should make peters map the map all over the world and google should use that map'

'peters world map laminated co uk new

May 18th, 2020 - buy peters world map laminated by new internationalist isbn

9781869847029 from s book store
everyday low prices and free
delivery on eligible orders"**gall
peters map projection the
power of cartography
May 20th, 2020 - already in 1855
rev james gall produced an
orthographic map projection
over the world usgs 2010 gall s
map projection is a so called
equal area cylindrical projection
this projection is very similar to
the projection created by prof
dr arno peters in the year 1973
heyn 2003'**

**'printable world political map
gall peters projection**

*May 21st, 2020 - the gall peters
projection achieved notoriety in
the late 20th century as the
centerpiece of a controversy
about the political implications of
map design history peters world
map in 1967 arno peters a
german filmmaker devised a map
projection identical to gall s
orthographic projection and
presented it in 1973 as a new*

invention'

**'peters world map peters
planisphere original map**

May 25th, 2020 - description gall
peters world map first conceived
in the 19th century the gall peters
projection has the advantage of
representing our world in a more
realistic way by maintaining the
real proportions between the sizes
of continents which is what the
mercator map lacks that is why
original map considered it right to
propose this projection of the
globe that constitutes the peters
map'
